

## Prophetic Focus of January 2022

By Apostle John E. Sagoe

### Topic: The Year of the Lord

Key verse: Acts 2:36 (NASB)

*Therefore let all the house of Israel know for certain that God has made Him both Lord and Christ—this Jesus whom you crucified.*

The Lord said: Prophecy does not cancel prophecy. **Some of the prophecies we heard for the year 2021 have not expired**, some of them will **double** this year.

Let us pray for the Lord not to allow the following prophecies to double this year:

- Politics
  - o **Serious confusion is** rising in many governments this year. Lack of understanding will bring disagreement in parliaments which will seriously **affect the decision making** of nations. Therefore a lot of things will be put on hold or even brought backwards.
  - o Politicians will make more **crazy laws**.
- Nations of the world
  - o Many nations **will still not recover from the damage of coronavirus**.
- Medical field
  - o **The confusion continues** in terms of misunderstanding and mistrust in the area of medical scandals.
  - o Business will **heavily increase in the pharmaceutical industry**.

Let us pray for these prophecies to truly double this year:

- Church:
  - o The **unusual manifestation of God on earth**.
  - o **People will look unto the Church** for spiritual assistance and spiritual direction.
  - o There will be a **manifestation of greatness** coming out of the Church with people suddenly rising in the Seven Mountains of society.
- Swiss economy:
  - o We shouldn't panic for **God will protect our finances**. It is going to get better this year – Glory to Jesus.

### New prophecy for this season

This year is going to be **a year of power and glory**, a year where we will experience the **fire of the Holy Ghost like never before**, a year where we will **look onto the Lord** just like Psalm 34:5 says:

*They looked to Him and were radiant, and their faces were not ashamed (NKJV).*

I also see that the **mountain climbing** will continue in the next two months. People will be **struggling in different areas of their lives both spiritual and physical**, but the spiritual victory will metamorphose into physical victory.

I see the **struggle of coronavirus crisis up to 2023** with ups and downs, unless our leaders surrender to God quickly with declaration for total forgiveness.

I see a year of **individual empowerment and authority for the next three years** but the world will experience the downside of it. We need **the key** representing **God's authority to overcome the plagues ahead of us**. Just like it was when the ten plagues of Egypt were directed against the ten gods of Egypt.

**I see humans coming up with new strategies of attacking one another** by technology and science.

In the **business world** there will be **more opportunities for investment** and innovation in industry, mechanics and technology this year.

In **politics** I see that this year some countries will use the **state of emergency in order to arm and amend their constitution to fit their evil laws**. It will be up to the level of changing their flag and emblem to **fit their evil direction**.

In the **medical field** I also still see **more and more side effects of many medications** resulting in depression and attacking our health like never before. Therefore let us pray.

**More and more leaders will rebel against the one world order** on both governmental and individual level.

**The transformation in our world continues**. On one hand evil will be on increase, on the other hand God's goodness will also keep increasing. We will see the **remnant of God powerfully being used for signs and wonders** according to this season of the supernatural.

The **spiritual climate will change** in the next quarter of the year. **People will be hungrier spiritually**, therefore **the hand of God will begin to move, specially within the Western World**.

We will see **more and more churches merging together** and united **we will combat the forces of darkness** in this season, says the Lord.
