

Prophetic Focus of April 2021

By Apostle John E. Sagoe

Topic: Divine Provision

Key verse: Philippians 4:19 (NKJV)

And my God shall supply all your need according to His riches in glory by Christ Jesus

April is our month of **Divine Provision**. So I see a lot of financial **breakthrough**, businesses breaking through. I see breakthrough in different areas April 2021.

Many people will be super-favoured, companies will prosper financially. It is a **good month for investment**, it is a good month to start a **business**. It is going to be an amazing month in the area of business.

But don't forget, it is *divine* provision. When we say *divine*, we are asking you to **submit everything you are doing to God**, and *God* will accelerate it, bless it and lift it up in Jesus' mighty name.

According to Exodus 3:22 (NKJV):

But every woman shall ask of her neighbor, namely, of her who dwells near her house, articles of silver, articles of gold, and clothing; and you shall put them on your sons and on your daughters. So you shall plunder the Egyptians.

Take note: This divine provision is **conditional** and depends on **how much prepared and ready you and I are to invest** in the Kingdom and advance the things of God. So it has much to do with our heart's condition towards God, His Kingdom and His people.

Watch out: It's a month of **revenge from God** in the area of **finances**. So it might result in financial losses for evildoers.

Good news: It's a month of **starting new projects**, new businesses, new jobs, new ministries, new relationships etc. that are ordained by God. So let us **pray for acceleration and blessing** of God, that He will be blessing the work of our hands this month.

Prophecies of the year 2021 to continue to pray for:

- Nations of the world:
 - o I hear that many nations **will not recover** this year **from the damage of coronavirus**.
 - o What is frightening in the nations of the world this year: I see that all of a sudden **nations will begin to threaten nations** for something that is not really that weighty. This will become a very worrying and challenging situation for our world, but God will see us through in Jesus' name.
 - o Then I hear that we should watch out for an **increase of terroristic attacks**. We have to pray against terroristic activities.
- Swiss economy:
 - o I hear the Lord say we should continue to pray because **God will continue to increase us**.
 - o What I saw more is that there should be no panic this year about financial crisis: God will give us victory. Our finances will go better and **we will recover speedily from the coronavirus crisis**. We will go back to where we belong and even more than where we were before. So it is **good news** for the Swiss economy, investors and companies in Switzerland.

- I see doors open for more people to invest in **real estate** in Switzerland from other nations, and it's really going to be a booming business.
