

## Prophetic Focus of February 2021

By Apostle John E. Sagoe

### Topic: Divine Protection

Key verse: Psalm 91:10 (NKJV)

*No evil shall befall you, nor shall any plague come near your dwelling.*

February will be a month of **Divine Protection** because I see a strike in the spiritual realm.

It is going to be one of the **highest battles of the devil** in the year 2021. It's going to be a month where you and I will need to **be fully alert spiritually**.

Many Christians will be tempted to **leave the Kingdom** because of the pressure that will be in the atmosphere this February.

This February there is also going to be divine protection because **the enemy will want to strike people's lives** and kill as many people as possible for this year (Still within the prophecy we received on 05.07.2020: *"These are not good news, but we can already start praying. We have to pray because I see another attack: This time it's coming in the form of **depression** upon Switzerland in this year's winter. So we need to pray seriously against the **spirit of suicide** that I saw coming. Pray already towards the winter against the spirit of depression. I really **see a lot of deaths** in the coming winter in Switzerland."*).

Therefore, February is a month we will need divine protection like never before. Things will be going in zigzag and we will see it. But God will give us the correct protection in Jesus' name

This February is strictly designed that we may **speak positively** for the entire month. So let our focus be positive speaking and speaking life into the atmosphere like never before.

### Special prophetic act for February: **Daily Holy Communion Encounter**

We will start the day by reading Psalm 91, then we pray, after we read Matthew 26:26-28 to take the Holy Communion in a mood of prayer and worship. Then **speak mega words of blessing, life and protection** over your life, your children, marriage, family, surrounding, your work, your city and your nations. For I hear that God will honor our word of proclamation and positive declaration this month and this year.

It's a month where **God will be sending us divine encouragers**. So be open for every opportunity to meet them. I also see good friends that will be coming into our lives to also help us to navigate through the plan and purpose of God.

God will also be sending us **destiny helpers** in different forms, so let us watch out for them as well.

Prophecies of the year 2021 to continue to pray for:

- Politics: I hear the Lord say we should **continue to pray for our politicians**:
  - o I see **serious confusion** rising in many governments this year. This lack of understanding will bring disagreement in parliaments which will seriously **affect the decision making** of nations. Therefore a lot of things will be put on hold or even brought backwards.
  - o This year politicians will make **crazy laws** that are so incredible we can hardly believe it.
- Nations of the world:
  - o I hear that many nations **will not recover** this year **from the damage of coronavirus**.

- **Nations will begin to threaten others** for not really weighty reasons. This will become very worrying and challenging for our world, but God will see us through in Jesus' name.
- We should watch out for and pray against an **increase of terroristic attacks**
- Medical field:
  - I hear **the confusion continues** this year with all kinds of arguments and misunderstandings. We are trusting God to bring us out of this medical scandal.
  - Business will heavily increase in the **pharmaceutical sector**, but it is not going to please the people. I see **uprisings against the medical industry** and their professionals. I see division also among health professionals.
