

Prophetic Focus June 2020

By Apostle John E. Sagoe

Topic: Open Heaven

Key verse: Romans 8:14 (NKJV)

For as many as are led by the Spirit of God, these are sons of God.

I see a month of Holy Spirit emphasis. It is a month where how we position ourselves matters a lot spiritually.

It's the month where the Holy Spirit will be leading God's people into a **time of refreshment and encouragement**.

Get ready for the manifestation of the following this month through the Holy Spirit: Wisdom, understanding, counsel, fortitude, knowledge, reverence and fear of the Lord.

I see a month where God will be bringing people that have been pushed to the back seat of life **forward**.

I also see a month where God will frustrate every bad counsel and advice of the enemy of our soul through the visitation of the Holy Spirit to thereby **draw us closer to Himself**.

Watch out against any fake and bad news this season that are bringing distraction into our faith life.

Good news: It's a month of the **reunion and reconciliation with the Holy Spirit** for the manifestation of God's glory and miracles.

This month we are positioning ourselves for **encountering the Holy Spirit that will catapult us into a higher calling**. Therefore, all our church services this month will not be broadcasted live this season.

Prophecies of the year 2020 to continue to pray for:

- This year God will give us a **new level of revelation and vision**. We will see clearer in the realms of the spirit than ever before
- I hear there is no need to worry in the next years about the **Swiss economy**. It will get stronger because of good investment opportunities that will come this year and beyond.
- Concerning the **Church** I hear it's the year of overflowing harvest for those that sincerely seek Him. But the Church needs to open their spiritual eyes: The better we prepare for the harvest, the bigger it will be.

I also hear the **birth pains** are taking longer in our Christendom in Switzerland and Europe because people will not let God be God. There is too much humanism.

- It is a year where we need to absolutely watch **our children** with extreme carefulness because there is a bad intention of people that want to use children in doing evil. So protection is going to be on very high demand for our children this year.

- Finally I hear the Lord say: Tell My people to get ready for this year I will be transferring inheritance of the wicked to the hands of the just. Especially I'm raising more and more Christians to strategically position them in the **Seven Mountains** of society so they can really make an impact in the world and lift the church to the next level.

So get ready for revival in the market place in 2020!
