

Detailed Prophecy for the Year 2021

By Apostle John E. Sagoe

Topic: Acceleration

Key verse: John 11:29 (NKJV)

As soon as she heard that, she arose quickly and came to Him.

2021 will be a **spiritual year**: I see in the atmosphere that the **battle is going to be won in the spiritual realm** and there is going to be an **increase in spiritual battles** this year. Whoever wins in the spirit, we will see the manifestation in the physical. Therefore, according to the revelation God gave to me, we need to watch out for the months of January, February, March and April 2021 because these 4 months carry a specific assignment:

- January is a month where many people will experience **Acceleration** in their lives. Things are going to move in a speed we would not expect. It will be in such a way that this January people are going to see themselves doing things they never dreamed they could do. The atmosphere will be full of **supernatural activities**. So get ready.
- February will be a month of **Divine Protection**. Because I see a strike in the spiritual realm. It is going to be one of the **highest battles of the devil** in the year 2021. It's going to be a month where you and I will need to **be fully alert spiritually**.
 - Many Christians will be **tempted to leave the Kingdom** because of the pressure that will be in the atmosphere this February.
 - This February there is also going to be divine protection because the **enemy will want to strike people's lives** and kill as many people as possible for this year (Still within the prophecy we received on 05.07.2020: We have to be careful for this winter season). Therefore February is a month we will need divine protection like never before. Things will be going in zig-zag and we will see it. But God will give us the correct protection in Jesus' name.
- March I hear is a month of **Divine Direction**.
 - It is a month of decision making. Marriages, businesses, governments and people will have to **go through decision making**. It is a month where we will have to make a lot of decisions. And God is warning us **to look unto Him**. Because if we look unto Him, He will give us **divine decision**, so the decisions we will make will not be according to the flesh, but according to the spirit. Because a lot of people that don't look towards the spirit and make decisions in March, they will have to regret badly.
 - It is a month we have to **increase our volume of spiritual prayers** so that our spiritual eyes will be open to make the right decisions, because I see a lot of things coming to a T-junction, to a decision making.
- April is our month of **Divine Provision**. So I see a lot of financial **breakthrough**, businesses breaking through. I see breakthrough in different areas in April 2021. Many people will be super-favoured, companies will prosper financially. It is a **good month for investment**, it is a good month to start a **business**. It is going to be an amazing month in the area of business. But don't forget, it is *divine* provision. When we say *divine*, we are asking you to **submit everything you are doing to God**, and *God* will accelerate it, bless it and lift it up in Jesus' mighty name.

General prophecy for 2021:

- I hear the **transformation in our world will continue** and things will **accelerate**. In the world of technology and also in the spiritual and physical world things will be changing very fast at a high speed. God is giving us this for us not to worry, not to panic, but that we know **He is in control** and He will see us through every change. Even when we don't understand it, His Holy Spirit will be with us and He will give us divine understanding to go through the situations in the world.

Church:

- I see an **unusual manifestation of God on earth** this year.
- This is the year **people will look unto the Church** for spiritual assistance and spiritual direction.
- There will be **a lot of manifestation of greatness** coming out of the Church this year.
The People of God will all of a sudden start rising in different aspects of life:
 - o Especially there will be signs and wonders manifesting in different churches around the world that will almost look like a **healing and miracle revival**. As we look unto God we will see the fire burning more and more, and it will flame up more and more in nations that accept God to be their god.
 - o In parallel I also saw a lot of **creativity** rising in the Church because God will be giving His people direction. Therefore the Church will begin to overcome every limitation and every stigma that the world has put on us in the past years.
- I also see the **society looking unto the Church**, not only for spiritual assistance, but for godly wisdom.
- But God says: Tell My Church to be careful because of the **spirit of pride that is going to rise** in the same level and that can affect the move of God. Let them watch their hearts and be careful that they don't fall victim to looking unto the outcome and the manifestation of what God is doing and forget about the *God* that is doing it.
- God says: I will be guiding My people in **having results** this year. This year is a year of having results.
- **Those that have fallen**, says the Lord, I will pick them up again, and if they humble themselves, I will put them back in the Church where they belong to.
- It is a year where **God will honor His Church** like never before.
- I see also a **year of spiritual eye opening**, more than we have ever seen it.
 - o Don't forget: The quest of this year is based on the **spiritual war** that is in the atmosphere, and many things will be decided this year in the spiritual world. Whether of good or of bad, it will be decided in the spiritual realm. Therefore the spiritual war that is in the atmosphere will then begin to manifest in the physical. So depending on what is happening in the spiritual world I saw **different nations going to war** – physical war. But we must pray for the Body of Christ to be more victorious in the spiritual war so that it will not affect those key nations.
 - o There will be an amazing encounter with the **Antichrist spirit** this year. So we have to be careful not to fall victim to it, because the recruiting has begun in the spirit at a very high speed.
 - o Note: When we say a year is a year of acceleration, please don't be naïve. In the same way there is acceleration in the spiritual realm of God, in the same way there is an acceleration in the devil's kingdom. So in general **there is acceleration in both realms this year**. So be very, very careful. Therefore we will really need **protection and the spiritual armor** like never before this year.
 - o God says I should let you know that He is **raising** some **key people** in the christiandom **around the world** that will be coming together in unity for **spiritual gate keeping** so that we can stop every calamity and every arrow the enemy has positioned against the Body of Christ. The way I see it on a global level, I also see it on a national level and even up to

church level. So let us pray towards that because it will help to put **real order in the Body of Christ**, and that will also lift up the image of the Church to the next level.

Politics:

- I hear that the Lord says we should **continue to pray for our politicians** (Note: 2020 there was a prophecy about judgment on politicians which we saw through the corona crisis)
 - o I see **serious confusion** that is rising in many governments this year. Because there is no understanding or agreement within them we will begin to hear about severe **disagreements** in parliaments which will seriously **affect the decision making** of nations. And this will put a lot of things on hold, and even in some nations these disagreements of the law makers will bring them backwards.
 - o I also hear that this year politicians will be making more **crazy laws** which are really unbelievable. Therefore we need to pray, because with the kind of laws we are going to hear about this year, you will ask yourself if they are really human beings or if they have lost their minds. You will see them as they are coming and you will remember this prophecy.

Nations of the world:

- I hear that many nations **will not recover** this year **from the damage of coronavirus**.
- What is frightening in the nations of the world this year: I see that all of a sudden **nations will begin to threaten nations** for something that is not really that weighty. This will become a very worrying and challenging situation for our world, but God will see us through in Jesus' name.
- Then I hear that we should watch out for an **increase of terroristic attacks**. We have to pray against terroristic activities.

Medical field:

- I hear **the confusion continues**. This year we will continue to see all kinds of arguments and misunderstandings. We are trusting God that He will help us to come out of these medical scandals.
- Also this year there will be a very **heavy increase in the pharmaceutical industry** in terms of business, but it is not going to please or satisfy the people. I saw **demonstrations rising up** against the pharmaceutical companies or the medical world. It was like even the doctors were fighting each other and people coming against them as well. There is a serious **division** that will be surfacing more and more this year.

Swiss economy:

- I hear the Lord say we should continue to pray because **God will continue to increase us**.
- What I saw more is that there should be no panic this year about financial crisis: God will give us victory. Our finances will go better and **we will recover speedily from the coronavirus crisis**. We will go back to where we belong and even more than where we were before. So it is **good news** for the Swiss economy, investors and companies in Switzerland.
- I see doors open for more people to invest in **real estate** in Switzerland from other nations, and it's really going to be a booming business.

Leaders in general (released on 04.01.2021, Week of the Altar)

- The Lord told me: Tell my people that we have to **pray for our leaders** this year: Leaders in the families, in organisations, in the political arena, in ministry, in companies and businesses, in working places, in every area we are leading something. Pray that **the Spirit of God will carry every leader** this year because there is a serious **attack that wants to hinder them**. Pray for divine

protection, that they will prosper and accelerate in each of their areas and that they will experience breakthrough and favour in 2021.

Our Year of Acceleration - God is in control. Amen.
