

Prophetic Focus of April 2022

By Apostle John E. Sagoe

Topic: The Lord our Resurrection

Key verse: John 11:25 (NKJV)

Jesus said to her, "I am the resurrection and the life. He who believes in Me, though he may die, he shall live."

I see a month of **starting new things**, birthing new ideas and carrying out new business strategies. Therefore anything that has been destroyed or damaged shall be renewed again and it will be better than it was before, to the glory of the Lord.

I also see a month of **surprises**. People are going to **start to do things they have never done before**. It will eventually bring them **joy and fulfillment** of their God-given assignment.

Many **churches and organisations will see a season of rebuilding**, more especially those that have suffered loss during the time of the pandemic.

The Lord says: Get ready, it is a **time of repay, recovering and restoration**.

Things to watch out for this month:

Watch out for things that are in our past, e.g. the ex-friend, ex-relationship, the ex-members of our church or organisation, ex - business partners or anyone else that has left us - watch out for **attacks** that might be coming from them.

Good news!

This is a **month of strength, grace and wisdom to withstand any challenges** in our personal and corporate lives in Jesus' mighty name.

I also see a **month God will help us to remember** what He has done for us and also what people have done for us. This will bring us joy and will also help us to do good to others.

Prophecies of the year 2022 to continue to pray for:

- People will be struggling in different areas of their lives both spiritual and physical. But when we get the spiritual victory, it will metamorphose into a physical victory.
- I see the **struggle of coronavirus crisis into next year** – up to 2023 - with up and down challenges, unless our leaders surrender to God quickly with declaration for total forgiveness.
- It is a year of **individual authority that will carry us in the next three years**. That means the empowerment and the authority we are receiving today via the key can take us for the next three years, and then we will come like for renewal of our passport. We should manage it very well because it's an unusual power in our hand.
