

## Prophetic Focus of March 2022

By Apostle John E. Sagoe

### Topic: Divine Revelation

Key verse: I Corinthians 2:9-10 (NKJV)

*But as it is written: "Eye has not seen, nor ear heard, nor have entered into the heart of man the things which God has prepared for those who love Him." But God has revealed them to us through His Spirit. For the Spirit searches all things, yes, the deep things of God.*

I see a month where **divine revelation and the move of God will guide and inspire us to see the manifestation of God's will** in our lives, families, church, in our nation and all our God-given assignments.

This is a month of prophetic revelation and clear communication of God's power and knowledge, therefore **let us focus on reading the Word of God, on fasting and prayer and also on worshipping in a deeper level.**

Let us pray that this month we will **understand the spiritual climate better** as it has a big impact in the world we are living in.

It's also a season of **exposure of the hidden agenda of the evil ones** in our society. So let us watch out for that.

Note: It's a month God wants our eyes to be opened, so we can **overcome any spirit of ignorance** the enemy wants to put us in this year.

As it has already been prophesied in the **political** scene: Let us watch out more for **humans coming up with new strategic ways of attacking one another by technology and science**. In other words: Let us not ignore the increase in the war in technology and science as we look at the physical war.

Also it's a month where I see a **very deceptive way of doing things between the nations of the world**. So let us not be caught up with the politics that are ongoing.

I see the **people that were not seen as capable of leading** in the political arena rising up and receiving the favor and the approval of God in different nations this year.

### Prophecies of the year 2022 to continue to pray for:

- Politics
  - o I see **serious confusion** that is rising in many governments this year. Because there is no understanding or agreement within them we will begin to hear about severe **disagreements** in parliaments which will seriously **affect the decision making** of nations. And this will put a lot of things on hold, and even in some nations these disagreements of the law makers will bring them backwards.
  - o I also hear that this year politicians will be making more **crazy laws**
- In **politics** I see that this year some countries will be having a **state of emergency in order to arm and amend their constitution to fit their laws**. Some of the laws that are going to be legislated in those countries will bring them to change their flag and their emblem so that it can **fit the evil order** that the nations are planning.
