

Prophetic Focus of July 2021

By Apostle John E. Sagoe

Topic: Anointing for Increase

Key verse: 1. Corinthians 3:7 (NKJV)

So then neither he who plants is anything, nor he who waters, but God who gives the increase.

This month we are **receiving grace for increase and expansion** in every area of our lives. Get ready as it is our season where God will release His Holy Spirit for enlarging the place of our dwelling, work and ministry.

This month I see **surprise and increase** in different areas of our lives, e.g. good health, peace of mind, spirit of thanksgiving and unstoppable joy.

I see **last minute victories** this season in all our endeavours, more especially in those areas we have been pushing for a long time to attain breakthrough and victory. Therefore we are receiving **anointing to overcome any battle** this month.

Let's continue to watch out for and **pray against any kind of loss**, meaning pray against any sudden disappearance of things or even people.

I hear we must also **pray for any increase of evil activities this summer to stop** in Jesus' mighty name, according to Isaiah 59:19 (NKJV):

[...] when the enemy comes in like a flood, the spirit of the Lord will lift up a standard against him.

I prophesy this month of July is **our season for growth**, it's our set time for expansion and increase in Jesus' mighty name.

It's a month where God will give us **rest from every suffering**, sickness, bad relationships, loneliness that brings setback and situations that are bringing us stagnation, in Jesus' mighty name.

Prophecies of the year 2021 to continue to pray for:

(Let us not forget to review again the Prophecy of the Year and pray for all, that the good ones will manifest, and that the bad ones will be uprooted and abolished in Jesus' name.)

- Nations of the world:
 - o I hear that many nations **will not recover** this year **from the damage of coronavirus**.
 - o What is frightening in the nations of the world this year: I see that all of a sudden **nations will begin to threaten nations** for something that is not really that weighty. This will become a very worrying and challenging situation for our world, but God will see us through in Jesus' name.
 - o Then I hear that we should watch out for an **increase of terroristic attacks**. We have to pray against terroristic activities.
- Swiss economy:
 - o I hear the Lord say we should continue to pray because **God will continue to increase us**.

- What I saw more is that there should be no panic this year about financial crisis: God will give us victory. Our finances will go better and **we will recover speedily from the coronavirus crisis**. We will go back to where we belong and even more than where we were before. So it is **good news** for the Swiss economy, investors and companies in Switzerland.
- I see doors open for more people to invest in **real estate** in Switzerland from other nations, and it's really going to be a booming business.
