

Prophetic Focus of January 2024

By Apostle John E. Sagoe

Topic: God's Kingdom

Key verse: Matthew 6:33 (NIV)

But seek first His kingdom and His righteousness, and all these things will be given to you as well.

For the **Church of Jesus Christ globally** I hear the following:

– Different kinds of people in the Church

In 2024, there will be a **separation between the people of God and the people of this world.**

Therefore, **there will be four different kinds of people in the Church** (also see Mark 4:15-20).

Group 1 **receive the message of God, but Satan will come and take it away from them quickly**

Group 2 **receive the message with gladness, but it will not enter deeply.** When trouble and persecution comes they will **give up** the message and therefore fall.

Group 3 also **receive** the message, **but then the worries of this world arise** and cause them to be **lovers of riches.** This will cause them not to bear fruit and to lose the message.

Good news! There is also Group 4 whom I call the **“faith people”.** **They will receive the message, accept it, will run with it and they will bear much fruit.**

I prophesy that you and I belong to this group in the name of Jesus!

– Altar Sacrifice

We have to **warn the Body of Christ:** The Church will be weak if we don't **wake up to understand the sacrifice on the altar** because blood shedding is going to increase even more than in 2023.

In 2024 the secret societies and the kingdom of darkness are going to another dimension of wickedness and destruction. **In the spirit world, altars are very important** and **God has given us**

power on the altar. We must learn how it works because originally it has been given to us. We cannot allow the evil world to use it against us. **The Church has wake up and raise an altar to stop**

the increase of evil in our world this year.

– Key Leaders

The enemy wants to spiritually and physically assassinate key leaders because being the voice of the people they are a **threat to the kingdom of darkness.** So we have to **fast and pray for our key leaders in the Kingdom** more than ever as quickly and as regularly as possible.

– Godly order in the Church

Exposure of evil leaders will continue this year more and more, because God wants to bring order in our world and in His church.

God also wants to stir up His Spirit in the world like never before. We have to be careful not to stop it as we have done in the past, especially the leaders.

Economy of the world:

- This year we are in a so-called **economic transition**. In order to be prepared, God will be giving us the **wisdom and understanding for investment and storing** this year into 2025, for **from 2025 onwards, the world will enter a new dimension of economic problems**.
- If you believe in **supernatural provision, get ready for unusual miracles** by activating spiritual blessings. **God will bless the work of our hands beyond our imagination**.
- I also see **nations receiving creative ideas in their economy**. Therefore, **let us open up** as business people of the Kingdom **for this divine download**. Also learn how to **pray it through** to avoid falling into the hands of the wrong people.

Politicians and governments:

- I see the **political climate in different nations** of the world **full of surprises**, in particular in nations that are **running out of options** for economic development, so they will openly cry for help.
- **Some countries with elections this year** will come up with **new laws that will not go down well**. I see **a lot of rioting** in different nations, especially where they are having presidential elections. However, **I see some new governments taking over and revising old laws to help their nation to move forward**.

Switzerland:

- **2024 our legislators have to sit up because there will be more work than ever**, in particular concerning **our standing in global politics**.
- **Pray for Christians and churches and their leadership** in Switzerland and Europe, **because they are coming under spiritual attack** that will bring a decline in churches in Switzerland. Pray for the leaders for emotional capacity and right standing with God to be able to stand the upcoming challenges in 2024.
- God is warning us and asking us to **pray for breaking the spirit of fear of original marriage** because **fear of responsibility** is increasing. We also need to **pray to overcome scarcity of babies in Swiss communities**. Now Satan is using that as **a weapon to bring down this nation** by reducing its indigenous citizens, as well as some laws that have been made. **We need urgent restoration of family values in our nation** which is the cause of many mental, psychological and emotional health problems.

Other Nations of the world:

- Portugal
 - o Pray for them **to be ready for what God wants to do around May and June this year**.
 - o Especially **Christian leaders need to be ready** to be used by God. Pray against the **spirit of confusion** in their families bringing disagreement, so they can be **focused to carry out their duties** as mandated by God.
 - o It is also a year where **God is bringing up His Josephs and remnant** by empowering them to bring **resources into the Body of Christ** to advance His agenda.
- Ghana
 - o **God will bring up new leaders to do greater things**. Right now, there is a **training of apostles and top leaders, more especially young people and people with young minds**. God will be removing old leaders that are hindering His flow so that He can release the new breed of the people He is raising in the Kingdom in Africa.

- I hear generally, a new Africa has begun. This new **breed of Africans are rising especially in the Kingdom of God** with a **takeover anointing, guided by the Holy Spirit and led by God, for Africa to move forward**. It's time for Africa.
 - Let us **pray for Ghana's elections this year** because I see **outside interference that will not go well** with the nation. I see a lot of **hate and bitterness in the atmosphere during the election time** which will result in fighting, killing, and destroying of things.
- USA
- **Serious spiritual declining** is taking place now which will lead to **more problems rising in the Body of Christ**. Leaders will get **confused**, and **this will cause people to lose their faith and trust in the system of the church**.
 - The **US elections are going to be very unusual this year** because there will be a lot of **demonstrations and riots**. So let us pray.
- Pakistan
- Pray because of the **unusually serious threat of attack by natural disasters** that is still increasing **in that part of the world**.
 - There is going to be **political misbehavior, misunderstanding and manipulation**.
- Great Britain/ United Kingdom
- We need to pray for Great Britain and the United Kingdom because **I see shootings and gun gang violence increasing**. Sexual molestation and rape lead to mental problems that then cause this kind of violence on the streets.
- Israel and the Hamas war
- **In the next six months, the war will be bloody. In summer I see a subsiding and an intervention**. Let us pray accordingly.
- Ukraine and Russia
- **The war needs urgent attention** especially on the side of Ukraine because of **the strategy Russia is about to implement**. Without outside intervention or help, many lives and resources will be lost.
- Nigeria
- **I see like a mass burial**. Even now after their presidential election year, there is still a **heavy contention going on in the spiritual and physical world** fighting for power and seeking to kill more people.
 - The **domestic world needs urgent attention** because of the **serious ongoing oppression and attack** against the less privileged in the society. Pray that they will no more feed the evil altars with them to empower those in authority. **We need to ask God for help to overcome the outcome of those evil altars**.
- Other nations
- Let us **pray for** the following nations, **especially concerning political decisions and internal crisis**:
- Germany, North Korea, India, Guatemala, Poland, Australia, Eswatini, Peru, Turkey and many francophone countries in Africa

Other prophecies:

- Let us **pray that the negative side of Artificial Intelligence (AI) will not destroy our society** because it is **rising in a very dangerous direction** that we might be shocked by the end of this year.
- **Food poisoning** is on increase this year. Pray that it will be **exposed before getting dangerous**.
- **Child abuse in schools needs to be investigated** also here in Switzerland. This is a **warning for parents to talk more intimately with their children** before **abuse will trigger emotional problems** and suicide which will also be on increase in 2024.
- The nations are going to see an **escalation of frauds in 2024**.
- We are at the beginning of **seven years of a strong fatherless generation**. **Many nations will depart from God**.
- To the glory of God this is a **year full of the mighty hand of God** like never before. Therefore let us watch **our children** because **a lot of prophetic gifts and words will be given to them**. I also see **in our churches the rising of new gifts and the grace to carry them out**.

Good news for Switzerland:

- We will hear more and more **young people coming up with a matchless boldness to address and stop wrong directions** of the nation
- **The same young-minded people are going to come up with amazing creativity to help the nation to continue to soar financially high** in the next five years. I see many other nations declining in this area.
- As said before, we will see a **big separation, between the true Christians and the fake**. With those that are rising to do the work of God, **God will manifest His power on the Church like never before**, and the **mighty move of God will be starting in our various homes**.
- Finally, we are going to see **more and more unusual ways of doing church** in Switzerland and in Europe **and God will glorify Himself**.
