

Prophetic Focus of September 2024

By Apostle John E. Sagoe

Topic: Supernatural

Key verse: Acts 5:12

And through the hands of the apostles many signs and wonders were done among the people. And they were all with one accord in Solomon's Porch.

This month of supernatural we will experience **events that are beyond the laws of nature and can not be explained by scientific understanding.**

I see the **Church of God** receiving **more and more revelation** by experiencing God's nature and God's capacity **through signs and wonders.**

This month **God will expose abusive situations** in work places, families, communities and nations in order to bring inner peace, strength and healing.

This season, the **covenant is going to speak for us.**

I hear that this season, God's covenant ensures the manifestation of His blessings, protection and favor upon those who are in relationship with Him, and upon their families - according to His Word in Genesis 17:7 and Hebrews 8:6.

I hear, in this month we should expect the following **nine manifestations in our church services:**
Healing, protection, provision, victory, authority, prayer, miracles, deliverance and strength.

As we prepare in prayer and fasting for the coming **opening ceremony of the Prophetic School of Ministry** with Apostle John Sagoe and Matt Sorger, let us **build up expectation**, because I hear that miracles and the supernatural are in the atmosphere!

Here are 9 things we should expect God's voice to manifest in our lives **this month and in this season of the Prophetic School of Ministry:**

- Guidance and direction
- Comfort and peace
- Encouragement
- Correction and discipline
- Protection from deception
- Spiritual growth and maturity
- Fulfillment of God's purpose
- Revelation and insight
- Personal relationship with God

Good news:

I see **more and more angelic visitations**, both in our subconsciousness and in our consciousness, to help us do things we could not do by our own power.

Prophecy of the Year 2024 to continue to pray for:

Good news for Switzerland

We will hear more and more **people of the younger generation coming up with boldness** like it has never been seen before.

They will **address issues in the nation and put a stop to the wrong direction the nation is going**, that would lead into the declining of many things.

But not only that, I hear that **the same young-minded people are going to come out with amazing creativity** this year and beyond, that will be quite encouraging and breath-taking. This will **help the nation to continue to soar high in the next five years** in the area of **finances**. I see many other nations declining in this area.
