

## Prophetic Focus of January 2026

By Apostle John E. Sagoe

### Topic: Holy Spirit

Key Verse: Isaiah 60:1-3

*Arise, shine, for your light has come and the glory of the Lord is risen upon you. For behold, the darkness shall cover the earth and deep darkness the people. But the Lord will rise over you, and His glory will be seen upon you. The Gentiles shall come to your light, and kings to the brightness of your rising.*

2026 is our **year of the Holy Spirit**. I see Him working in four dimensions in our world:

1. transforming hearts of people
2. building unity and peace in families
3. changing atmospheres of cities
4. redirecting destinies of nations

### General prophecy

Watch out for the first 60 days of this year as **we will conquer the spirit of depression**.

In 2026 we need to **watch out for third week of the month**. We will have a special online Communion service on every Monday of those 3rd weeks.

Those **born in January, March, June, August, October and December** need to specially **pray for their life and destiny**. If possible, fast and pray for any or all the seven days before your birthday to give the battle to the Lord. If your **birthday falls on a church day**, go to church and pray at the altar. If God lays it in your heart, sow a special seed on your birthday and let the leader of the church pray over you.

**No matter which month your birthday is, apply the Holy Communion daily on the seven days before your birthday.**

### Prophetic word concerning the Church

Any church that does not allow His people to walk in His will, God will permit the sheep to scatter so they can follow His way, in the sense of „**Pharaoh, let My people go!**“

The Lord said **He Himself will fight people or churches that will bring division in a church because of their own selfish reasons.**

### Prophetic word about social media

It is a year of an increasing **manifestation of evil in social media like never before**. So let us take care of our children.

Watch out for **increasing evil transactions that aim at dividing relationships**, destroying families, scattering churches and **bringing lawlessness and Antichrist agenda**.

The primary target of this evil in social media **will be to destroy the successful Kingdom people**. But let us not worry because God will turn it around for the good of the Church.

Guard your heart, strengthen your mind and stay grounded in God.

### Prophecies for nations

- Switzerland:  
I saw that **more medical institutions** need to be established.

**Pray for the borders** of Switzerland and other countries in Europe against evil invaders.

We have to **watch out for any evil agenda** this year, especially in the very early hours.

I see a year where **political leaders are losing joy**. The enemy is cooking frustration, and this could lead to kinds of politics we have not seen before.

I saw unknown political parties coming up in a very high speed.

**The Church is going to play a very important role by praying against the upcoming of more laws against Christian values.**

- Germany:

**Continue to pray for major cities against any kind of attack of the enemy.**

Pray also for the lawmakers **against the spirit of confusion and division** in Germany.

Let us also **pray against evil gangs that are conspiring in different camps.**

- Austria:

I see **broken family structures on increase** which will eventually lead to increasing health challenges in the nation of Austria.

I also saw **spiritual emptiness: When a nation turns away from God** people lose their identity. But this is also a sign that the prophesied manifestation of the move of God is coming closer. **The thicker the cloud, the heavier the rain.**

- Ukraine:

I hear **economic hardship is on increase because of the war**. I saw many people getting into hopeless situations, so **plans must be made for counselling against trauma** that come from the war.

- France:

I hear the **youth of France is entering a season of disillusionment**. I saw a **quick spread of depression like a wildfire** and also increasing misbehaviour among the young people.

In the government we will see misunderstanding rising.

- UK:

Let us pray against **health crisis and national mourning**.

I saw it like a **double-edged sword**: On one side, I saw this health crisis, this loss of national identity and purpose in life. But **on the other side, I saw also the light of God rushing into churches** to lighten up the nation with the glory of God.

- USA:

I saw **internal tension rising** in the US, so let us **pray for the current government** and Trump. I see **the spirit of betrayal rising within the Republicans**. If not addressed, this would affect them in the coming elections.

I also saw **increasing attacks from the opposition** against the current government.

Like other nations, the US will experience the **negative effects of social media because of the constant exposure to bad news**.

- Southern Africa:

**It is their spiritual time**. A wind of revival and of the move of God is blowing in their direction. **God is delivering that region** from a past that has affected them badly.

**Southern Africa shall rise in righteousness, revival, and restoration**, and I see many churches **moving from religion to revival**.

- Uganda:

We need to pray for **Uganda's coming elections in January because the wind of change is blowing**. I hear we should **pray for Bobi Wine because the hand of God is upon him**.

Pray that the international observers for those elections in January will do their job diligently.

- Ghana:  
The Lord says, a **year of creativity and innovation**. God will use the current government to move many people into creativity in different areas, and to put those ideas into practice.  
2026 is a **year of improvement** for the nation, **of solving real problems and meeting up real needs of people**.
- Nigeria:  
I saw the release of **Nnamdi Kanu**, and politicians being worried that **he may journey from prison to palace**. God is preparing him and will turn situations around. Nnamdi Kanu's release might be controversial and difficult, yet **who can say No if God says Yes**.  
Let us all **pray for the Nigerian 2027 elections**, because **it is time for change**.
